

Buy Online Fireworks

There are many ways to liven up a celebration, but nothing beats the excitement and impact of a well constructed fireworks display. Depending on the occasion and the location, you can buy fireworks online to suit all of your requirements. Whether you are having a family garden fireworks display or are looking to put on something a bit more extravagant there are a wide range of firework shops online than can supply everything you need.

With so many different types and brands of fireworks (Standard Fireworks, Black Cat Fireworks, Absolute Fireworks) available it may be slightly confusing when trying to find the perfect fireworks for your display. One hot tip that we recommend is to find an online fireworks shop that provides videos of their products, this will help you make an educated decision as to what your display will look like. There are currently dozens of manufacturers to choose from but not all of them are as concerned about quality as others. In the fireworks industry it is a known factor that you get what you pay for; the less you pay, the lower the quality the fireworks will be.

Fireworks can now be found online so there is no need to go down to the local store and choose from the leftovers or risk what you want to buy being sold out. An online fireworks shop can give you a wide range of options suitable to your preferences and your budget. The best thing about ordering fireworks online is that you are not rushed into making any decisions, you can take your time and browse through the products and buy when you feel comfortable. So next time you have something to celebrate why not try ordering fireworks online for yourself and make your party one to remember.

Legal age to buy fireworks

When buying fireworks online you must be over 18 years of age. It is illegal to buy fireworks or be in possession of fireworks in a public location if you are under the legal age of 18. Buying fireworks for anybody under the age of 18 is also illegal and in some instances can carry a prison sentence of up to 6 months.

Delivery of Fireworks

Due to UK firework regulations on the transportation of hazardous goods, outdoor firework carriage costs have increased quite dramatically. As a way of minimising customer charges we have taken on a high percentage of these costs. Some companies also have a minimum spend condition on their websites to justify the shipping costs. When your fireworks are delivered a signature is normally required by someone over the age of 18. For more information about specific delivery information you should check the company's website which will tell you everything you need to know about costs and minimum spends.

Fireworks Code

Some points to ensure a safe and fun display:

- Only buy fireworks marked BS 7114
- Don't drink alcohol if setting off fireworks
- Keep fireworks in a closed box
- Follow the instructions on each firework carefully
- Light them at arm's length, using a taper and retire immediately
- Stand well back during the display
- Never go back to a lit firework
- Even if it hasn't gone off, it could still explode
- Never put fireworks in your pocket or throw them
- Always supervise children around fireworks
- Light sparklers one at a time and wear gloves
- Never give sparklers to a child under five
- Keep pets locked indoors
- Don't let off noisy fireworks after 11pm
